

How to get new generated song?

- You should have the following Python libraries(pip install mido):
 - mido
 - pytorch
 - midi2audio
 - FluidSynth
- Open this link <https://github.com/dianazagidullina/Sonia>
- Download repository
- Go to the folder “*music*”
- Run *generator.py*
- Now in the folder “*music*” you have *new_song.mid* and *new_song.wav*
- Open convenient format and enjoy!
